Wizard's First Rule (Sword of Truth, Book 1) By Terry Goodkind

Millions of readers the world over have been held spellbound by this valiant tale vividly told.

Now, enter Terry Goodkind's world, the world of the Sword of Truth.

In the aftermath of the brutal murder of his father, a mysterious woman, Kahlan Amnell, appears in Richard Cypher's forest sanctuary seeking help ... and more. His world, his very beliefs, are shattered when ancient debts come due with thundering violence.

In their darkest hour, hunted relentlessly, tormented by treachery and loss, Kahlan calls upon Richard to reach beyond his sword-- to invoke within himself something more noble. Neither knows that the rules of battle have just changed ... or that their time has run out.

This is the beginning. One book. One Rule. Witness the birth of a legend.

Editorial Review

From Library Journal

The protective barrier that separates Westland from its neighbors to the east is about to fall, letting loose a monstrous evil upon the world. Only the combined efforts of a young man dedicated to finding the truth, an enigmatic woman intent on concealing her past, and a crusty old hermit resigned to his inevitable destiny can prevent the opening of the three boxes of Orden—an event with the potential to destroy existence itself. The inclusion of graphic scenes of sado-eroticism, though integral to the story, may deter purchase by some libraries. Nevertheless, this first novel offers an intriguing variant on the standard fantasy quest. The richly detailed world and complex characters will appeal to mature fantasy aficionados.

From [Booklist](#)

In a classic fantasy world, young Richard Cypher must go on a perilous quest with the Sword of Truth in order to deal with evils that have a contemporary degree of ambiguity about them. On the way, he acquires the normal collection of wizards, dragons, and human companions as well as an equivalent roster of enemies. Both the characters and their world come to life, and Goodkind's ambitious juxtaposition of modern ambiguities and the classical fantasy setting works more often than not. Although a fairly self-contained story, the book has something of the flavor of the first volume of a saga; neither Goodkind nor his publisher will receive too many complaints if a sequel is in the works. Hardly an aspirant to Tolkien's mantle, Goodkind certainly seems, at any rate, to be working on being mentioned in the same breath as Robert Jordan. *Roland Green*

From Kirkus Reviews

The magical boundaries between the three lands of forest guide Richard Cypher's world are crumbling: Strange beasts from the Midlands, where magic still exists, appear in his Westland forest. And so does Kahlan Amnell, a young woman with some interesting powers and four assassins on her trail. She is in search of the great wizard who left the Midlands not long after he set the boundaries. He is the only one who can possibly thwart Darken Rahl, an evil wizard who has set in motion a process that will result in the enslavement of the three lands. When Richard's eccentric friend and mentor, Zedd, is sought out for advice about finding the great wizard, Kahlan identifies Zedd as the object of her search. The process that Darken Rahl has initiated requires him to obtain the three boxes of Orden, and, within one year, to open the proper box. As time grows short, Richard, Kahlan, Zedd, and a border guard, Chase, go in quest of the one box that the evil wizard still lacks. Among the truths that Richard learns along the way is the wisdom of the Wizard's First Rule: People are stupid and will believe almost anything. A wonderfully creative, seamless, and stirring epic fantasy debut. -- *Copyright ©1994, Kirkus Associates, LP. All rights reserved.*

Users Review

From reader reviews:

Gail Beattie:

Now a day folks who Living in the era just where everything reachable by connect with the internet and the resources in it can be true or not require people to be aware of each facts they get.
